Russian-led Wagnerites, Central African Opposition Struggles To Survive (Reviews)
by Ivor Fuller

Two country specialists have written a book on Russia's role in the Central African Republic (CAR) and the Wagner Group. Their book is a must-read for anyone who wants to understand that government and Russia's role in it. It is also a cautionary tale for the West.

Sergeant Maxime Ngoupandé has been in Bangui since 2013. He is a member of the Central African Republic's Presidential Guard, and he's been assigned to protect President Faustin-Archange Touadéra.

Ngoupandé is a Muslim, and he's been in the military for 20 years. He's married with two children.

"When we're in deployment, we get bonuses," said Yannick, a fisherman on the Oubangui river, who knows Ngoupandé well.

Ngoupandé's bonuses usually come with the start daily life was marked by "intimidation, surveillance, and violence."

Opposition deputy Fernand-Alphonse Kotha has been in Bossangoa since December. In March, he published a report on the abuses committed by Russian mercenaries in the region.

"When we try to demonstrate, we get battered," said Yannick, a fisherman on the Oubangui river, who knows Ngoupandé well.

Sierra Leone

Sierra Leone's Interim Govt Will Not Release Ex-Prisoner Khaki Obasanjo

The Nigerian state court in Ibadan found Mikaila Obasanjo guilty of conspiracy to commit armed robbery and sentenced him to 10 years in prison. The court also ordered the confiscation of his property.

Mikaila was arrested at the scene of a bank heist where he had been waiting in a getaway car. He was caught after a high-speed chase with police.

His brother Khaki Obasanjo, a former top civil servant, was also arrested in Lagos, with a briefcase containing $2 million.

In his verdict, Justice Adebayo Ogunsanya said: "The evidence against the accused is overwhelming. He was caught red-handed, and his own brother has testified against him."

Mikaila's lawyer Ayodeji Adebanjo argued that his client was coerced into confessing to the crime, saying he was beaten by police officers during his arrest. He said he would appeal the verdict.

Khaki Obasanjo's lawyer Chinwe Okafor argued that the $2 million found in his client's briefcase was a campaign donation for the governor of Ogun State, Dapo Abiodun, and that Khaki was simply delivering the money on behalf of a friend.

Mikaila's wife Folashade Obasanjo, who was also arrested but released without charge, said she was "shocked and disappointed" by the verdict. She said she would support her husband during his appeal.

Khaki Obasanjo's wife Ngozi Obasanjo said she was "confident" that her husband would be cleared of all charges.

The Obasanjo family is one of the most prominent in Nigeria. Mikaila's father, Olusegun Obasanjo, was president of Nigeria from 1999 to 2007. His uncle, Gbenga Obasanjo, is a former governor of Ogun State.

Mikaila's brother Khaki Obasanjo is a former chief of staff to the president of Nigeria, Muhammadu Buhari. He was also a former minister of transportation.

Mikaila's sister Funke Obasanjo is a former senator for Ogun State. She is also a former minister of women's affairs and social development.
